Finalizar la instalación

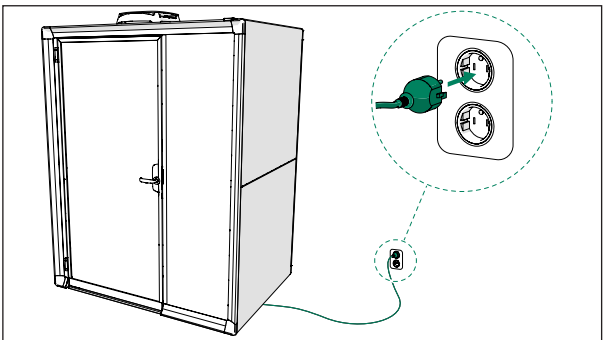

Revise los paneles exteriores

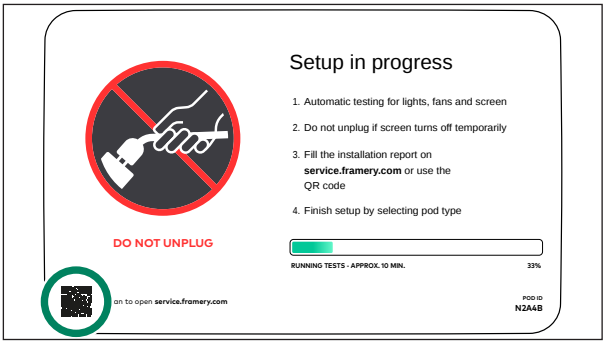

Limpie la cabina

Conecte el cable de alimentación

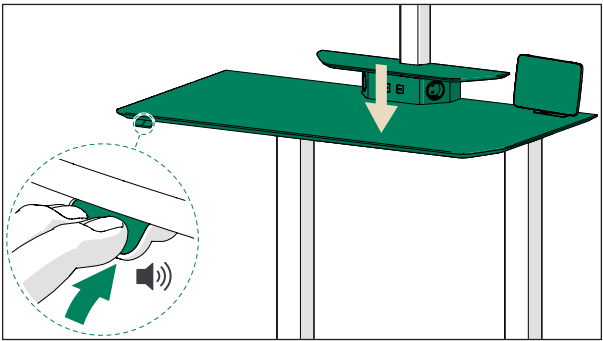

Cree un informe de instalación

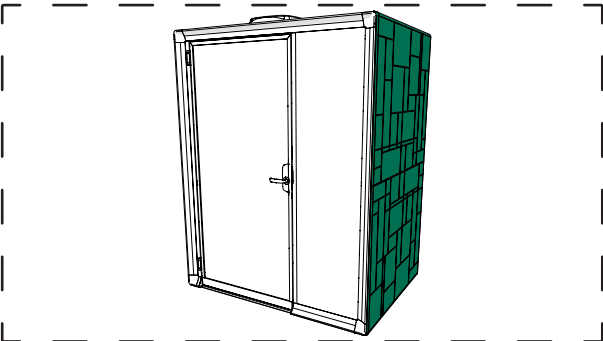

Escanee el código QR para abrir el informe de instalación.

Restablecer la tabla

- ⚠ La mesa se desplazará hacia abajo durante el procedimiento de configuración. No se siente en la silla mientras aplica la configuración de la mesa.
- ⚠ Mantenga pulsados ambos botones del control de la sobremesa hasta que escuche una señal acústica. Cuando escuche la señal, el reinicio habrá finalizado y podrá soltar los botones.

Paneles de pared, opcionales

Película de privacidad

Si el envío incluye una película de privacidad, déjela dentro del estuche para instalarla posteriormente.
